## THE HONOURABLE THE RESIDENT IN MYSORE.

## NOTIFICATION.

Dated the 26th December 1906.

No. 122.—In exercise of the powers conferred by section 6 of the Bangalore Sanitary Improvements Loans Law, 1906, and with the previous sanction of the Governor General in Council, the Resident in Mysore is pleased to make the following rules under the said law for the grant of loans for the purpose of purchasing lands and erecting buildings in such localities as may, from time to time, be prescribed by Government:—

Officers by whom loans may be granted and the maximum amount admissible.

I. The Collector shall be competent to sanction loans not exceeding Rs. 1,000.

*Explanation.*—The Collector is not precluded by this rule from granting several loans to the same individual although the aggregate amount thereof may exceed the maximum prescribed.

Provided that—

- (a) more than three loans shall not be granted to the same individual,
- (b) no such several loan shall exceed Rs. 500, and
- (c) such several loans shall be for distinct purposes and be covered by separate and independent security.

Rate of interest.

II. The rate of interest shall be 6½ per cent. per annum, the Collector having the discretion to remit interest in case of borrowers who are known to be poor.

The Resident in Mysore may, if he sees fit, grant loans in special cases at reduced interest or without interest.

III. Interest shall accrue, from the date of disbursement of loans. If the loan is disbursed in instalments, interest on each instalment shall run from the date of the disbursement of such instalment.

Period allowed for repayment and method of recovery.

IV. Loans shall be repayable by equal annual instalments discharging both principal and interest, the time allowed for repayment being fixed by the Collector with reference to the convenience of the borrower and the circumstances of the case, but so as not to exceed the maximum period of 10 years prescribed by section 4(2) of the Law.

The time for repayment specified above, shall count from the date of the payment of the loan, or where the loan is paid by instalment, from the date of payment of the last instalment.

In cases of extraordinary calamity, involving destruction of property, the Resident in Mysore may suspend the payment of instalments of interest and principal for such period as he may think necessary, and may remit an amount equal to the interest due for the period of such suspension. He may also in such cases sanction an additional loan not exceeding Rs. 500 to an individual to whom a loan has already been granted irrespective of the fact that such additional loan may cause the total amount due on account of principal from that individual to exceed Rs. 1,500.

The time allowed for repayment is liable to revision under rule XIV.

Provided that nothing in this rule shall be taken to preclude a borrower from discharging the loan at an earlier period by payment of a larger amount than the annual instalment. The excess so paid shall be credited at once in reduction of principal and the number of future instalments shall, if necessary, be decreased, but no alteration in the amount of subsequent instalment shall be allowed, nor shall postponement of payment of subsequent instalments be permitted.

V. The first repayment of the principal and interest shall not be demanded within less than twelve months from the date of disbursement of the first instalment of the loan.

VI. Repayment may be made at the Resident's Treasury, Bangalore, through the Collector.

VII. Interest at 7½ per cent. will be charged on all instalments of interest or of principal overdue.

In calculating interest under this rule, a broken period of a month shall be taken as half a month or one month according as it is less or not less than fifteen days, and a rupee may be taken as half a rupee or one rupee according as it is less or not less than eight annas.

Security.

VIII. No loan shall be granted unless the value of the security offered exceeds by at least one-fourth the amount of the loan applied for.

The nature of the security to be required shall be—

- (i) the land on which the building is to be erected and the building to be erected thereon; and
- (ii) other lands or buildings, or both, belonging to the applicant.

If the value of the applicant's interest in the lands and buildings aforesaid does not exceed by one-fourth the amount of the loan applied for, further security consisting of lands or buildings or both belonging to other persons willing to become his sureties shall be required.

IX. If at any time the Collector is satisfied that any borrower has failed to perform any of the conditions on which the loan was made, he may proceed to recover forthwith from such person or from any surety of such person, the entire unpaid balance of the loan together with any interest payable thereon and costs, as arrears of land revenue.

X. An application for a loan shall in every case be made<sup>1</sup> in writing to the Collector Mode of application. in Form No. I hereto annexed (printed copies of which can be obtained from the Collector's Office free of cost) and may be presented in person or sent by post.

XI. No loan shall be granted without a local enquiry. On receipt of an application the Amildar of the Civil and Military Station or other officer empowered by the Collector in this behalf may be required to make summary enquiry as to the correctness of the entries in the application, and as to the *bond fides* and the solvency of the applicant and the sufficiency of the security offered, and submit a report to the Collector.

XII. ■ after local enquiry and such further investigation as may be deemed necessary, the Collector is satisfied that the loan may be granted, he shall record a decision to the effect that the loan asked for, or a less sum, may be given and then shall at once issue an order granting the loan in Form No. II hereto annexed, which shall be signed by the applicant in token that he understands and agrees to the conditions contained therein. The security bond to be taken in the case of collateral securities shall be in Form No. III hereto annexed.

An order rejecting an application for a loan shall be intimated to the applicant by a notice in Form No. IV hereto annexed.

XIII. Loans may, at the discretion of the Collector, be advanced in one or more instalments. Disbursements of loans.

XIV. The Collector may make provision for the proper inspection of works in course of construction for which loans have been made and for ascertaining and securing that such loans are duly applied to the purpose for which they are made. Inspection of works.

All works for which loans are made by instalments shall ■ inspected and reported upon before each instalment subsequent to the first is paid.

All works shall be inspected and reported on as soon as possible after the date fixed for their completion in the order granting the loan.

If it should then be found that the work has not been carried out in substantial conformity with the proposals made, the Collector may either require immediate repayment of the whole amount advanced with interest at 6½ per cent. and costs, if any, or alter the instalment fixed under Rule IV, so as to ensure repayment of the loan within the period for which it has been granted. In such cases the original loan order shall be cancelled and a fresh loan order issued, the former being recovered from the borrower if possible.

XV. The Collector shall keep a register of loans and repayments in Form No. V hereto annexed and such other accounts and statements as may from time to time be prescribed by the Resident in Mysore.

(2) If on presentation of such bill, the said person do not forthwith pay the sum due or about to become due by him, the amount shall be leviable by distress and sale in the manner hereinbefore prescribed, except that it shall not be necessary to serve on the defaulter any notice of demand, and the Cantonment Magistrate's Warrant for distress and sale may be issued and executed without any delay.

38. Instead of proceeding against the defaulter by distress and sale as hereinbefore provided, or after a defaulter shall have been so proceeded against unsuccessfully or with only partial success, any sum due or the balance of any sum due as the case may be, by such defaulter, on account of a property rate may be recovered from him by a suit in any Court of competent jurisdiction.

39. Property rates due under these rules in respect of any building or land shall, subject to the prior payment of land revenue, if any, due to the Cantonment Authority thereupon, be a first charge upon the building or land, and upon the goods and chattels, if any, found within or upon such building or land and belonging to the person liable for such rates.

40. The Cantonment Magistrate may, with the approval of the Cantonment Authority, from time to time write off any sum due on account of any rate or the costs of recovering any rate, which shall, in his opinion, be irrecoverable.

2. This license is to be read and construed, subject in all respects to the provisions of the Indian Electricity Act, 1903, as applied to the Civil and Military Station of Bangalore by Notification of the Government of India, Foreign Department, No. 2849—1 A., dated the 21st July 1905, and the several words, terms and expressions to which by that Act meanings are assigned, shall have in this license the same respective meanings, provided that in this license.—

The expression "the Act" shall mean the said Indian Electricity Act, III of 1903, as applied to the Civil and Military Station of Bangalore.

The expression "the licensee" shall mean and include the person holding for the time being the office of the Chief Electrical Engineer to the Government of Mysore or other officer designated from time to time in this behalf by the Mysore Government with the approval of the Resident in Mysore.

The expressions "first annexure", "second annexure", and "third annexure" shall mean the first, second and third annexures to this license respectively.

The expression "deposited map" shall mean the plan of the area of supply deposited with the Hon'ble the Resident in Mysore by the licensee in pursuance of the terms of this license.

3. This license shall come into force and have effect upon the day when the Notification confirming this license is published in the *Gazette of India*, which date is in this license referred to as the "commencement of this license."

## AREA OF SUPPLY.

4. The area of supply shall be the whole of the area controlled by the Municipal Commission of the Civil and Military Station of Bangalore under the Bangalore Municipal Law of 1897, which said area is more particularly delineated upon the deposited map and thereon coloured pink but excluding therefrom such areas as may from time to time be notified under Section 5 of the said Municipal Law to be in the exclusive possession of the Military authorities for Military purposes.

## PURPOSE OF SUPPLY.

5. The licensee is empowered by this license to supply energy within the area of supply to the local authority and to the public for all purposes. The supply of energy to the public is left to the option of the licensee.

## COMPULSORY AREA.

6. The licensee shall, within a period of two years after the commencement of this license, lay down suitable and sufficient distributing mains for the purpose of street lighting throughout such streets or parts of streets within a radius of one and half miles from the spot marked thus O on the deposited map at the North-West Corner of the Infantry Barracks square, as are mentioned in the first annexure, the number of lights being in accordance with those shown in the map forming the third annexure. Provided

that the first annexure be liable to alteration with the consent of the parties and the sanction of the Local Government.

#### GENERAL DESCRIPTION OF WORKS AND SYSTEM OF SUPPLY.

7. Power will be received by the licensee at a pressure of 32,500 volts from the Cauvery Power Scheme supply at the main transformer station in Bangalore City situated outside the area of supply and there transformed to a pressure of 2,300 volts. The Cauvery power is three phase at a frequency of twenty-five periods per second. This three phase low frequency will by means of one or more three phase circuits at a maximum pressure of 2,300 volts, be conducted to one or more sub-stations within the area of supply for a general distribution, these one or more circuits being supplied with automatic safety switches in the main transformer station.

The sub-stations will be equipped with suitable apparatus for efficient control of general system of distribution. The street lighting is on the series incandescent system at maximum pressure of 3,000 volts. The interior lighting system consists of single phase mains at a pressure of 2,200 volts carried to distributing centres transformed at these to a pressure of  $\frac{440}{220}$  or  $\frac{220}{110}$  for a low tension three wire distribution to building served by the centre.

Power distribution is three phase at 2,200 stepped down where necessary.

The lines may be underground or aerial in whole or part as the licensee may desire.

Any other system or systems may be introduced hereafter with the sanction of the Local Government.

#### POWER TO BREAK UP RAILWAYS, ETC.

8. In pursuance of the provisions of Section 12, sub-section 4 of the Act, it has been arranged that in lieu of powers being granted to the licensee to break up the Madras Railway Line, the Railway Company shall, on such conditions as may be approved by their Telegraph Engineer and confirmed by the Senior Government Inspector for Railways, Madras, enable the licensee to cross the Madras Railway. There are no streets not repairable by the Local Government or by a local authority, no tramways and bridges which the applicant seeks power to open, break up or interfere with.

9. There are no canals and navigable rivers which the applicant seeks power to cross.

#### MAXIMUM CHARGES.

10. The prices charged by the licensee for energy supplied by him shall not exceed those stated in that behalf in the second annexure or, in the case of a method of charge approved by the Hon'ble the Resident in Mysore, such maximum as the Hon'ble the Resident shall fix on approving the method.

#### PROPOSED MODIFICATIONS OF THE SCHEDULE TO THE ACT.

11. As the amount of energy available for use in the Civil and Military Station is limited, clauses VIII and IX of the Schedule to the Act, so far as they make it obligatory on the part of the licensee to supply energy for street lighting outside the "Compulsory Area", defined in clause 6 above, and to the owners or occupiers of premises anywhere within the "Area of Supply", described in clause 4, shall not apply to this license for the present.

#### REFERENCE TO ARBITRATION.

12. In the event of any dispute or difference arising as to the construction, meaning or effect of any agreement which may be concluded by the licensee with the Municipal Commission of the Civil and Military Station of Bangalore for the purpose of this license, or as to the rights, liabilities or privileges of the said parties, the matter in dispute or difference shall be submitted to a Committee consisting of three experts appointed as hereunder, namely, one by the licensee, one by the said Municipal Commission and one by mutual agreement of both the licensee and the Municipal Commission. The Committee so appointed shall report fully on the matter in dispute or difference, and its decision, if unanimous, shall be binding upon both parties in respect of any question of fact relating to the system of electric street lighting and in respect of any scientific question that may arise in connection therewith. In the event of the decision of the Committee not being unanimous or of the Committee not being in a position to arrive at a decision within the time specified in the memorandum of submission or such further time as may be allowed by mutual agreement of the parties thereto, then either party may require that the matter in dispute or difference shall be referred, and the matter shall accordingly be referred finally, to the Chief Judge of Mysore, whose decision shall be final and binding upon both the parties to the submission in all respects.

113. The summons to a defendant shall be issued and dated as of the day on which the plaint was filed and shall be for the final disposal of the suit. In cases to which clause (a) of Rule 114 applies, such summons shall ordinarily be made returnable on the seventh day after the date thereof and in cases to which clause (b) of Rule 114 applies it shall ordinarily be made returnable on the fourteenth day after such date. Provided that in any case a longer or shorter period may, if required by circumstances, be allowed at the discretion of the Court or Registrar.

114. Except under special circumstances and under the order of the Court or Registrar, the summons to a defendant shall be served upon him :—

(a) If he resides within the local limits of the jurisdiction of the Court, at least three clear days before the date on which the summons has been made returnable.

(b) If he resides or carries on business without such local limits but within the extended limits included in the definition of "Calcutta" in the third section of Act II of 1888 of the Bengal Council or within the limits of the Howrah Municipality, at least four clear days before the date on which the summons has been made returnable.

- (c) If he resides or carries on business outside the limits mentioned above but within 100 miles of Calcutta or within 10 miles from any Railway Station in Bengal and Behar, at least 10 days before the date on which the summons has been made returnable.
- (d) If he resides or carries on business beyond 100 miles from Calcutta within the districts of Backergunge, Birbhum, Bhagalpur, Dacca, Burdwan, Bankura, Faridpore, Gaya, Hazaribagh, Jessore, Maldah, Midnapore, Monghyr, Murahidabad, Mymensingh, Nadia, Patna, Pabna, Purnea, Rajshahi, Saran, Shahabad, Tirhut, or within 10 miles of the Delhi Station of the East Indian Railway, at least 14 days before the date on which the summons has been made returnable.
- (e) If he resides or carries on business beyond 100 miles from Calcutta in any district subject to the Appellate Jurisdiction of the High Court of Judicature at Fort William in Bengal other than those before mentioned or at any place in the Central Provinces, or in the United Provinces of Agra and Oudh, or within the limits of the Presidency Town of Madras or Bombay at least 14 days before the date on which the summons has been made returnable.
- (f) If he resides elsewhere than is before mentioned within the dominions of His Majesty in India, at least 35 days before the date on which the summons has been made returnable.

115. On the day fixed in the summons for the defendant to appear and answer the parties shall be in attendance in person or by their respective recognised agents or pleaders, at the Court-house before the Registrar. If the plaintiff so attends, then, save as is otherwise specifically provided in Rules 116, 117 and 118 and in the provisos to this Rule, the suit shall after proof of service of the summons upon such defendants as do not attend or the withdrawal of the suit as against such absent defendants, forthwith be sent up to a Judge for hearing and, unless the hearing be adjourned by him to a future date, shall forthwith be heard by the Judge, who shall at the time of passing judgment make such order as he thinks fit with respect to the defendants if any who do not attend and as against whom the suit has not been withdrawn or decreed by default.

Provided that in any such case the Registrar, at any time before such suit is sent up to a Judge for hearing, may direct that it be set down on his own list or that of a Judge on a future date fixed by the Registrar or may enter a compromise, make a consent-decree or allow the suit to be withdrawn as against all or any of the defendants and may grant leave to bring a fresh suit for the same cause of action.

Provided also that if the allegations contained in the plaint are sufficient and such documents, if any, as are mentioned in the plaint have been filed therewith or are produced before the Registrar at the time of his recording a decree by default, the Registrar shall, before sending the suit to a Judge for hearing, record a decree by default against every defendant served with the summons who fails so to attend and the plaintiff may obtain execution against every such defendant without prejudice to his right to proceed with the action against every other defendant.

116. If, on the day so fixed for the defendant to appear and answer, it be found that the summons has not been served upon him in consequence of the failure of the plaintiff to pay the Court-fee leviable for such service the Registrar may order that the suit be dismissed.

Provided that no such order shall be passed if on the day so fixed the defendant attends in person or by pleader or recognised agent.

117. If the plaintiff attends and the defendant does not attend, or where there are several defendants, no defendant attends, and it is proved that the summons was duly served upon all the defendants or the plaintiff withdraws his suit as against those defendants upon whom the summons has not been duly served, the Registrar—

- (a) if the allegations contained in the plaint are sufficient, shall record a decree by default against those defendants against whom the suit has not been withdrawn;
- (b) if such allegations are not sufficient, either shall direct that the plaint be amended and a further summons be issued and served upon those defendants against whom the suit has not been withdrawn and that the hearing be adjourned to a future day fixed by him or shall send the case to a Judge for disposal.

Provided always that no decree by default shall be recorded under this Rule upon a plaint wherein any documents are mentioned unless such documents have been filed in Court with the plaint or are produced before the Registrar at the time of his recording a decree by default.

This Rule and the second proviso to Rule 115 shall not apply to a defendant who is an infant or a person of unsound mind not so found by inquisition.

118. If the plaintiff attends and the defendant does not attend, or, when there are several defendants, all the defendants do not attend, and

- (a) it is not proved that the summons has been duly served upon all the absent defendants, the Registrar may, if the plaintiff applies therefor, direct that a

further summons be issued and served upon all or any of the defendants who have not been duly served, and that the hearing be adjourned to a future day fixed by him. If no such application is made and granted, the suit shall be dismissed as against such absent defendants and as against the other defendants shall be dealt with in the manner hereinbefore prescribed;

- (d) it is proved that the summons was served upon all the defendants, but not in sufficient time to enable all of them to attend on the day fixed in the summons, the Registrar shall postpone the hearing of the suit to a future day to be fixed by him and shall direct notice of such day to be given to such short served defendants.

If it is owing to the plaintiff's default that the summons was not served or was not served in sufficient time, the Registrar shall order him to pay the costs occasioned by such postponement.

119. If, on the day to which the hearing of the suit is adjourned by the Court or Registrar, the parties or any of them fail to appear, the Court or the Registrar, as the case may be, may proceed to dispose of the suit in one of the modes hereinbefore directed or otherwise as to the Court or Registrar seems fit.

Provided that, if the Registrar has not power to make such order as to him seems proper, he shall send up the suit to a Judge for disposal.

120. Written Statements shall be signed in the manner hereinbefore provided for signing plaints and no written statement shall be received unless it be so signed. Unless otherwise ordered by the Court or Registrar no written statement need be verified.

That the existing Rules 110 and 111 be renumbered respectively 121 and 122.

VI. Subject to the provisions hereinbefore contained and subject to the right of objection contained in section 278 of the Code of Criminal Procedure, 1898, any person whose name shall be on the Jury List then in force shall be qualified and liable to serve as a Juror as aforesaid.

VII. On some day not less than two weeks before the commencement of each Session, one of the Judges of the High Court shall cause to be made out lists of the persons to be summoned as Special and Common Jurors, respectively, for such Session. The list of Special Jurors shall contain the names of not less

than twenty-seven and the list of Common Jurors the names of not less than fifty-four persons of those respectively included in the list of Special and Common Jurors. The list shall be respectively called 'The Special Jurors' List' and 'The Common Jurors' List' for the particular Session, designating it by the date on which it is to commence, and shall be prepared as follows:—

(1) The names of all persons, if any, ordered to be entered in the list of Special Jurors for such Session under Rule VIII, XI or XVI, shall be first entered in the said list, unless the Judge shall be satisfied as regards any one or more of such persons that he or they will be unable, from illness or other sufficient cause, to attend at such Session, in which case the name of such person may be set aside in the same manner as it might have been set aside under Rule VIII, if the name had been drawn by lot for such Session. The Judge shall then cause to be drawn by lot the names of such a number of persons qualified and liable to serve on Special Juries as, with those already on the list, will, subject to the provisions of these rules, make up double the number of persons required for the trial of the cases committed to such Sessions triable under the provisions of section 276 of the Code of Criminal Procedure by special Juries, and the names of such persons shall be entered upon and form the list of Special Jurors liable to serve and to be summoned as Special Jurors for such Session.

(2) In like manner the names of all persons, if any, ordered to be entered in the Common Jurors' list for such Session under Rule VIII, XI or XVI, shall be first entered in the said list, unless the Judge shall be satisfied as regards any of them that such person will be unable, from illness or other sufficient cause, to attend at such Session, in which case the name of such person may be set aside in the same manner as it might have been set aside under Rule VIII, if his name had been drawn by lot for that Session. The Judge shall then cause to be drawn by lot the names of such a number of persons qualified and liable to serve on Common Juries as, with the names already on the list, will, subject to the provisions of these rules, make up double the number of persons required for the trial of the cases committed to such Sessions not triable by Special Juries and the names of such persons shall be entered upon and form the list of Common Jurors liable to serve and to be summoned as Common Jurors for such Session.

Mode of proceedings to draw the names of the Special and Common Jurors to be summoned.

VIII. The mode of proceedings to draw the names of such Special and Common Jurors, respectively, shall be as follows:—

The names of all the Jurors in the list of Special and Common Jurors, respectively, prepared by the Clerk of the Crown, shall be numbered consecutively. The number attached in the list of Special Jurors to the name of each Juror liable to be summoned as a Special Juror for the Session for which the list of Special Jurors is to be prepared, shall be written on a bone or ivory counter, the several counters being all, as nearly as may be, of equal size and shape, and such counters shall be put together by the Clerk of the Crown into a box, and on the day to be fixed for drawing the names of the Jurors, the Clerk of the Crown shall, in open Court, draw, or cause to be drawn, the said counters one after the other, until the requisite number of Special Jurors shall be obtained. The Juror on the Special Jurors' List, whose number on such list shall correspond with the number drawn, shall, subject to the provision in these rules, be entered in the Special Jurors' List for the Session, and a number denoting the order in which the name of each Juror is so drawn shall be set against the name of such Juror in the Special Jury List for the Session.

A similar course, *mutatis mutandis*, shall be adopted in drawing the names of the Common Jurors.

The Judge may order the name of any person who has actually served as a Juror in the preceding year and of any person known, or believed to be dead, absent from Calcutta, or likely to be unable from illness or otherwise to attend, or known, or believed not to be qualified or liable to serve as a Juror under this rule, to be set aside; and, in every such case, an additional name shall be drawn in lieu of that so set aside, and the Judge, if he think fit, may order the name of any person so set aside, except on account of death or disqualification, to be entered on the list of Special and Common Jurors, as the case may be, for any subsequent Session to be then fixed.

IX. The names and places of abode of the several persons included in such Special and Common Jurors' Lists for the Session, shall be written therein and numbered in the order in which they shall have been drawn, and such lists shall be signed by the Judge.

X. A copy of such lists shall be annexed to a Precept to the Sheriff, commanding him to summon such Special and Common Jurors, on the dates on which their attendance is likely to be required. Special Jurors may be required to attend on the dates notified to them by advertisement published in any public newspaper.

Order in which names to be arranged in lists with additions and place of abode.

Copy of lists to be annexed to Precept to Sheriff to summon Special Jurors in numerical order.

**XI.** Any person whose name is included in the Special or Common Jurors' List for any Session may apply to the Clerk of the Crown to cause him to be excused from attendance as a Juror, either generally or at the particular Session. Such application shall be made at least three days before the day fixed for the commencement of the Session, and shall specify the grounds upon which the application is made. The Clerk of the Crown shall, as soon as possible after the last day allowed for making such application, bring them before one of the Judges of the Court, and such Judge shall pass orders thereupon, which shall be communicated by the Clerk of the Crown to the respective applicants. If the Judge shall think fit to excuse any of the applicants from attendance at the particular Session, he may do so unconditionally, or on condition of his serving at the next or some subsequent Session to be fixed, and any such conditional order shall operate as an authority to the Clerk of the Crown to include the name of such person in the list for such subsequent Session under the provisions of Rule VI.

**XII.** Every person named in the lists mentioned in Rule IX shall forthwith, or as soon as possible after the receipt of the Precept by the Sheriff, be summoned by him to attend at the Session for which he shall have been appointed to serve as a Juror, and on the date mentioned in the list for his attendance and such summons shall be served at least seven days before the dates on which their attendance is required.

**XIII.** A summons to a Juror who resides out of the limits of the Town of Calcutta and to whom access at his office or place of business within such limits is denied to the Sheriff's Officer, as also all notices, orders, or other proceedings required to be served on him, shall, unless otherwise ordered, be addressed to him at his office or place of business aforesaid, or at his place of residence, and forwarded to him by post duly registered. The transmission by post as aforesaid of every such summons, or notice or of a copy, authenticated by the seal of the Court, of every such order or other proceeding, shall, unless good cause be shown to the contrary, be deemed sufficient service thereof.

**XIV.** In all other cases every such summons, notice, order, or other proceeding, shall, unless otherwise ordered, be served on a juror personally.

**XV.** The Sheriff shall, as soon as possible after service of the summons, and not later than three days before the commencement of the Session, return the Precept to the Clerk of the Crown, with two panels annexed thereto, one of the Special Jurors, and one of the Common Jurors, which panels shall show in a tabular form the names of the persons summoned and the particulars of service upon each; and if any person or persons named in the lists annexed to the Precept shall not have been served, the panel shall state that fact, and the reason why such person or persons has or have not been summoned, and in every case the reason why such service has not been effected shall be verified by the affidavit of the Officer whose duty it was to effect such service, and such affidavit shall be filed with the Clerk of the Crown, with the return to the Precept.

**XVI.** On the receipt of such return the Clerk of the Crown shall, without delay, bring the same before one of the Judges of the Court. The said Judge may, if necessary, examine the Sheriff's Officer or Officers as to the truth of such return, and as to the circumstances of the service or of the absence of service on any person, and may direct service to be made upon the person or persons not already served in such manner as to him shall seem fit. The Judge, if he think fit, may cause the name of any person returned by the Sheriff as not summoned to be entered on the list of Jurors, either Special or Common, as the case may be, for any subsequent Session to be fixed by the Judge.

**XVII.** If the Judge shall be of opinion that the number of jurors named in either of the said lists who shall have been served is not likely to be sufficient, he may cause to be drawn by lot, in the mode provided by Rule VIII, such further number of names as may be requisite.

**XVIII.** Such lists shall be called the Supplemental Lists of Special or Common Jurors, as the case may be, and shall be prepared and signed in the manner hereinbefore provided with respect to the original lists, and copies thereof shall be sent to the Sheriff with an additional Precept, and the Sheriff shall, as soon as possible after the receipt of such additional Precept, cause the persons named therein to be summoned to attend at the Session, and shall return the Precept to the Court not later than one clear day before the dates on which the attendance of these jurors is required with a panel similar to that provided by Rule XV in respect of the original lists and Precept.

XIX. In order to nominate a Jury for the trial of any prisoner or other person to be tried by Jury, the Clerk of the Crown shall cause to be put together into one box cards or pieces of parchment containing the names of all the persons summoned to serve on the Common Jury for the Session, if the trial is to take place before a Common Jury, or on the Special Jury, if the trial is to take place before a Special Jury, except such of the said persons as shall have been excused by the Judge from serving on that day in consequence of his having served as a Juror on the previous day, or for any other cause. Such cards or pieces of parchment shall be, as nearly as may be, of equal size, and each shall bear the name of one person summoned to serve on the Jury for that Session. The Clerk of the Crown shall then in open Court draw or cause to be drawn out of the said box nine of the said cards or pieces of parchment, one after another; and if any of the Jurors whose name shall be so drawn shall not appear, then such further number shall be drawn till nine Jurors shall appear. The prisoner or person to be tried shall be informed that, if he desires to object to any Juror, he must make his objection before the Juror is sworn. The names of the Jurors shall then be called aloud; and if, upon any challenge or objection either by the Government or the party to be tried, or for any other lawful cause, any juror is not allowed to serve, or is exempted from serving, the Clerk of the Crown shall draw out another card or piece of parchment from the said box, and so on, until nine jurors shall have been drawn who shall be allowed to serve.

XX. If, by reason of absence, or disallowance on challenge, or any other cause, there be a deficiency of jurors, the Court may command the Sheriff, or other Officer, to name or summon a sufficient number of persons to make up a full Jury, and the Sheriff, or other Officer shall, at such command of the Court, return such men duly qualified to serve as shall be then present, or can be found to serve on such Jury, and the course of proceeding shall be the same as if their names had been returned in the panel and drawn by ballot under rule XIX; provided that, in case of a Special Jury, the additional jurors may be taken from the list of Common Jurors summoned to serve at the same Session if a sufficient number of jurors qualified to serve as Special Jurors shall not be present in Court.

XXI. After each Session the Clerk of the Crown shall make an entry in the List of Jurors opposite the names of those who shall have served at such Session or shall have been summoned to serve at such Session and shall not have made default, together with the date of service, or of the Session for which he shall have been summoned to serve.

XXIIA. On the conclusion of any trial whether tried by a Special or Common Jury, the Presiding Judge may direct that the persons who have served as jurors at such trial shall be exempted from service as jurors for the period of not more than two years, and the names of the persons so exempted shall not be entered on the Lists of Special and Common Juries for any Sessions during such period, unless Juries for the trial of cases committed to the Sessions during such period cannot be made up without them.

XXII. No person shall be summoned to serve upon any inquest before a Coroner unless he is on the Common Jury List, nor, except in the case of necessity, within the period of twelve months after he shall have served on a Coroner's inquest or shall have been summoned to serve on a Coroner's inquest, and shall not have made default. The Coroner shall keep a copy of the Common Jury List, and shall enter therein the names of the persons who shall have served or been summoned to serve and not made default, and the date of the inquest at which such juror shall have served or for which he shall have been summoned to serve.

**RULE OF PRACTICE.**

Dated Bangalore, the 5th March 1907.

**No. 9.**—Under section 554 (2) (a) of the Code of Criminal Procedure, 1898 (Act V of 1898), as applied to the Civil and Military Station of Bangalore, and in supersession of the Rules of Practice cited on the margin, the Resident in Mysore is pleased to make the following rules for the preparation and transmission of statements by the Criminal Courts in the Civil and Military Station. The rules will have effect from 1st April 1907.

No. 4, dated 31st May 1896.  
No. 20, dated 5th July 1893.  
No. 2, dated 15th August 1895.

**SECTION I.**

**MAGISTERIAL RETURNS.**

1. The undermentioned periodical returns in the forms annexed to this Rule of Practice shall be furnished by the Magisterial authorities concerned:—

*Return No. I, Monthly Criminal Return, in Form A, of cases tried, committed for trial, discharged, or permitted to be withdrawn by the District Magistrate and Magistrates of the First Class.*

*Return No. II, Monthly Return, in Form B, of cases disposed of by the District Magistrate and Magistrates of the First Class under Chapter VIII B of the Criminal Procedure Code (security for keeping the peace in cases not provided for in section 106 and security for good behaviour).*

*Return No. III, Monthly Return, in Form C, of appeals disposed of by the District Magistrate and Magistrates of the First Class empowered to hear appeals.*

*Return No. IV, Criminal Return, in Form A, mutatis mutandis of cases disposed of by Magistrates of the Second and Third Classes.*

*Return No. V, Quarterly Return, in Form D, of pending cases, showing the persons in custody or on bail for any offence, under the orders of the Magisterial Authorities.*

*Return No. VI, Monthly Return, in Form E, of recognizances declared forfeited by Magistrates other than the District Magistrate.*

Instructions for the preparation and submission of these returns are printed on the specimen forms annexed.

2. Returns Nos. IV and VI shall be submitted not later than the 5th of each month, to the District Magistrate, who will, after scrutiny, file them in his office. Return No. V will be submitted by the District Magistrate, through the Sessions Judge, to the Court of the Resident in Mysore within a month after the close of the quarter to which it relates.

3. Returns Nos. I, II and III of First Class Magistrates shall be forwarded to the District Magistrate not later than the 5th of each month. The District Magistrate shall, after making any remarks on them which he may think requisite, send them on along with his own Returns to the Sessions Judge not later than the 15th of each month. If for any reason the return be not submitted in due time, a detailed report should be made explaining the cause of delay. In order to secure accuracy and punctuality with regard to the Returns each Magistrate should keep a calendar book with the same headings as Form A, and enter up the particulars of each case immediately on its being disposed of. It will then only remain to have a fair copy made at the end of the month.

On receipt of these Returns, the Sessions Judge will examine them in order to see whether any action is required under section 435, Criminal Procedure Code, and will forward them to the Resident's Court as quickly as possible without remark except a note of any case called for under this section. The Returns need not be accompanied by a letter, but the Sessions Judge will note upon them the date of receipt and of despatch by himself, and the cause of any delay exceeding fifteen days in his own office.

The explanations submitted by Magistrates on Proceedings of the Resident in Mysore on their Criminal Returns should be sent direct to that Court by the District Magistrate unless otherwise specially ordered.

There is no objection to the Returns of the First Class Magistrates being passed on in original to the higher authorities. In this case they should be stitched together in proper order. When the District Magistrate sends up the original Returns he need not retain copies for his own office.

## SECTION II.

## SESSIONS JUDGE'S RETURNS.

4. The following periodical Returns are required from the Sessions Judge:—

*Return No. I*, Monthly Return, in Form F, of cases decided by the Court of Session.

*Return No. II*, Monthly Return, in Form G, of appeals disposed of by the Sessions Judge.

*Return No. III*, Quarterly Return, in Form H, showing the number of cases and persons before, the results of trial in, and appeals disposed of by and pending in, the Court of Session.

5. Returns Nos. I, II<sup>a</sup> and III should be submitted to the Court of the Resident in Mysore as soon as possible after the end of each month or quarter, as the case may be, and should in no case, but one of inevitable necessity, be delayed beyond the 15th of the month after that to which it relates. In case of longer delay being unavoidable, a detailed report must be made explaining the cause of delay.

6. Unless when it may be necessary to report causes of delay in submitting the Returns they are not to be accompanied by a letter.

## SECTION III.

## GENERAL RULES APPLICABLE TO ALL RETURNS.

7. Blank Returns should not be submitted. When there is no material for filling in any Return, a report to that effect will be sufficient.

8. Ordinarily the required information will be entered in the appropriate column of each return, use being made, if necessary, of blank spaces in neighbouring columns; but where this does not afford sufficient room for long statements or explanations which have to be given, separate memoranda may be appended to the Return, a reference in each case being noted in the proper column.

First Class Magistrate.

District Magistrate.

Sessions Judge.

The following instructions are to be carefully attended to in filling up this Return :—

(a) Column 1. This column should show the number of the case on the file of the Magistrate who disposed of the case.

(b) Column 2. "Names of accused persons." The numbering in this column should correspond with the numbering used in the charge at the time of trial, or, if no charge has been framed, with that used in the Magistrate's proceedings.

(c) Column 4. "Race, Religion or Caste, Occupation and Residence." In the case of a Hindu, his caste only need be given; the vernacular name of the caste, and not a translation, should be given. In the case of a Musalman, his religion, and, if necessary, his tribe or sect should be given, e.g., Pathan, Mogul, Khoja, etc. If the accused is a European British Subject, the fact should be noted in this column; and if his name indicates British extraction, but he is not a European British Subject, it should be made clear to what race he belongs. In the case of other Europeans, Americans, etc., their nationality and religion should be stated.

(d) Column 5. "Abstract of circumstances constituting the alleged offence."

The entry in this column should be in three parts :—

(1) *The name of the alleged offence* expressed concisely in terms of the enactment declaring it to be an offence. In cases in which, as in the Penal Code, a name is given to the offence in the margin of the enactment, such name may appropriately be given *mutatis mutandis*. Where a charge has been framed, the offences described in this column should be those named in it; in other cases those named in the complaint or Police report.

(2) *A brief abstract of the criminalizing circumstances* alleged against the accused. This abstract should relate in ordinary (not technical) language, so much of the alleged facts as will be sufficient to bring the case within the definition of the offence alleged. It should also, if necessary, give briefly information conveying an idea of the gravity of the offence: for instance, if the offence be theft, the probable value of the property stolen should be stated; if voluntarily causing hurt, the weapon or other means by which the hurt was caused, and the nature of the injury inflicted, should be specified; when it is alleged that the accused was legally bound to do something, the law should be referred to under which he was so bound.

(3) Below this abstract, *the section of the law* under which the alleged acts are punishable should be given; thus in a case of theft, section 379, Indian Penal Code, should be quoted.

(4) When a previous conviction is necessary to justify any particular sentence or order, which otherwise could not have been passed, e.g., when whipping is awarded as an additional punishment or when a case is committed to the Court of Session which, in the absence of previous convictions, the Magistrate would have tried himself, the particulars should be entered in column 5.

*Exception.*—When an accused person is sentenced to imprisonment not exceeding seven days or to fine not exceeding Rs. 10, or is discharged under sections 209, 253 or 259 of the Code of Criminal Procedure, or is acquitted under sections 245, 247, 248, 258 or 345 of the same Code, it will be sufficient to enter in this column only the section of the law under which the alleged act is punishable.

(e) Column 7. "Date and hour of apprehension by the Police." When arrest without warrant has been made by the Village Police, the letter V should be entered in this column; when by the District Police, the letter D; when by the Railway Police, the letter R; and when by officers other than the Village, District or Railway Police, acting under the Opium, the Excise or other Special Act the official title of such officers. In cases where accused has been liberated after his first apprehension and rearrested, the date and hour of both arrests and of liberation should be shown.

(f) Columns 7 and 8 will be blank when S. or A. is entered in column 9.

Column 8 will ordinarily be blank when W. is entered in column 9. If column 11 shows that the accused was released on bail or personal recognizance by the Police, it would be wrong to show a person who is on bail as forwarded by the Police.

The law provides that no Police officer shall detain in custody a person arrested without warrant for a longer period than is reasonable, and such period shall not, in the absence of a special order from a Magistrate, exceed 24 hours exclusive of the time necessary for the journey from the place of arrest to the Magistrate's Court. Columns 7 and 9 furnish the information required. The maximum period of 24 hours is to be counted from the time of arrest (as the law requires), not from the date of despatch from the Police Station. Column 8 of the Return need not be filled in except in the few cases where arrest is made by the Village Police and the accused is forwarded by them to the Police Station. In Columns 7 and 9 not only the date but the hour also of the arrest as well as of the arrival of the accused before the Magistrate should be shown.

Similar entries in columns 7 and 8 of the Return No. II, Form B, should also show the hour as well as the date required.

(g) Column 9. "Date and hour of arrival or appearance before Magistrate having jurisdiction." The date and hour to be entered in this column is that on which the accused person is brought finally or appears in obedience to a process before the Magistrate having jurisdiction, so as to continue thence forward under his cognizance and not a date on which the accused person may be brought before him merely to be remanded to police custody under section 167, Criminal Procedure Code. When the attendance of the accused has been obtained by warrant, by summons, or by arrest under the personal order of a Magistrate, this should be shown by entering the letter W, S, or A, respectively, in this column. When in a case in which a summons has issued, a period of more than two months is shown to have elapsed between the date in column 6 and that in this column, the dates of the complaint and of the issue of process should be written across the blank space between the two columns, any explanation which may be necessary being given in column 16.

(h) Column 10. "Explanation of detention by the Police." Under this heading the following points are to be noticed :—

(r) *Explanation of any undue delay between the dates shown in columns 7 and 8, or in columns 7 and 9 when 8 is blank.*

*Note.*—When the arrest has been made by a District Police officer not authorised to make an investigation, the person arrested must be forwarded "without unnecessary delay" to a Magistrate having jurisdiction or to the officer in charge of the Police Station (Criminal Procedure Code, section 60) and explanation is required to show that whatever delay occurred in such case was unavoidable.

(s) *Explanation of delay in excess of 24 hours between the dates shown in columns 7 and 9.*

*Note.*—(a) When a special order for detention has been obtained from a Magistrate, under section 167 of the Code of Criminal Procedure, it is necessary to state the date on which the accused was sent to such Magistrate, whose name and powers should be given.

(b) When the order does not authorize detention for more than 48 hours in excess of the 24 hours allowed by law to the Police, the reasons for it need not be stated. But when an accused person is detained by the Police more than 8 hours under a special order, detailed explanation should be given in this column of the Magistrate's reasons for granting the special order.

(c) It is the duty of the Magistrate, who disposes of the case, to see that the time occupied in transmitting accused persons to the Police Station or the Magistrate is reasonable, with reference to the distance to be traversed and other local considerations. If more than a day is occupied in travelling, the distance travelled should be stated across the columns below the dates which show the time occupied in the journey. When the time occupied appears *prima facie* unduly long explanation should be given in this column.

(d) Where there has been *illegal detention*, it should be stated what steps have been taken to prevent a repetition of the illegality.

(e) Column 11. "In custody, on bail, or on personal recognizance." The information given in this column should extend from the arrest or first appearance, as the case may be, of the accused to the date entered in column 13 showing the dates of any changes which may have occurred in the meanwhile. When an accused person has been arrested and released on bail or personal recognizance, the date of such release should always be given. When the accused appeared in answer to a summons, and the case was disposed of the same day it should be so stated. When an accused person is in custody for a bailable offence, or on bail, or personal recognizance for a non-bailable offence the reason should be stated.

(f) Column 12. "Abstract of conviction and sentence, or other order in the case." This column should show the decision come to as regards each accused person as to each offence described in column 3. When an accused person is convicted, or committed to the Court of Session, the section, under which the offence for which he is convicted or committed is punishable, should be quoted. When an accused person is acquitted or discharged, the section of the Code of Criminal Procedure should be quoted under which the acquittal is recorded or the discharge ordered. In all cases the order should be stated in terms of the Act quoted and when a fine is imposed it should be stated whether or not it is paid.

(g) Column 14. "By whom decided and where." The name and office of the deciding officer should be given. The letters J. P. should be entered when it is necessary to show that the deciding officer is a justice of the peace. Where special authority is required to give jurisdiction (as under certain special laws) the letters S. A. should be entered.

(h) Column 15. "Explanation of delay before Magistrate." Explanation showing the reasons for adjournments, the dates and other details should be given when there has been a delay of more than 15 days from the date entered in column 9, whether the accused person was in custody or on bail.

(m) Column 16. \* "Remarks." Any explanation that may be necessary of the apparent leniency or severity of a sentence, and of delay in issuing summons or in arresting the accused should be given here. When a case has been tried summarily, the letters S. T. should be entered in this column.

(n) The following points should also be noted :—

(i) Cases in which a conviction is recorded, but no sentence is passed, should be entered in the Return : for example, cases under Act XIII of 1859 in which fulfilment of contract is ordered, but no sentence of imprisonment pronounced. Cases under the Cattle Trespass Act I of 1871 as amended by Act I of 1891 should also be entered in the Return.

(ii) Cases which are compounded before the accused comes before the court need not be entered in the Return.

(iii) Cases falling under the following descriptions need not be entered in full in the Return, but the number of cases under each head of the description disposed of during the month should be entered at the foot of the return in column 2, the law and section applicable and the method of disposal of each such set of cases being entered in columns 5 and 12, respectively, and all other columns remaining blank.

(1) — Cases of offences under the Indian Penal Code which are compounded, not being such as are compoundable only with the permission of the Court

(2). — Cases of offences under :—

i. — Police Act V of 1861, section 34.

ii. — Bangalore Municipal Law, 1897.

iii. — Hackney Carriage Rules, 1904.

In which (a) the accused is acquitted or discharged, or (b) a sentence of fine only of less than one rupee is passed.

(3). — Cases under Act XIII of 1859, in which (a) the accused is discharged, or (b) the complaint is withdrawn.

This exception does not apply to cases in the disposal of which there has been a delay of more than fifteen days, or to cases in which the accused has been detained in custody for more than twenty-four hours before coming before the Magistrate for trial, or to cases in which any order is made under section 250 or section 545, of the Criminal Procedure Code. All such cases must be entered serially, as usual, with the necessary explanation.

(1) A calendar of every case in which a conviction has been recorded by a Magistrate or Bench of Magistrates of the second or third classes shall be submitted in the Form A (*mutatis mutandis*) to the District Magistrate within twenty-four hours from the time of passing sentence, in order that he may at once take measures for rectifying any injury done by an illegal sentence.

(2) A monthly return of all other cases disposed of by such Magistrates or Bench of Magistrates shall be submitted in a similar form to the District Magistrate.

(3) In order to satisfy itself that the duty of supervision is properly performed, the Court of the Judicial Commissioner may, from time to time, call for a Return of all the cases decided by the Magistrates or Bench of Magistrates of the second and third classes within a particular month. This Return will be prepared in English by the District Magistrate from the calendars of convictions and the monthly returns furnished by such Magistrates or Bench of Magistrates, and will contain all the cases disposed of by them, and also the remarks (if any) made by the District Magistrate. For convenience of reference the cases should in addition to any number they may have borne in the original Calendar or Return, bear a consecutive number, the first case entered being No. 1, and so on.

(4) The following instructions are to be carefully attended to in filling up this Return:—

(a) Column 1. This column should show the number of the case on the file of the Magistrate who disposed of the case.

(b) Column 2. "Names of accused persons." The numbering in this column should correspond with the numbering used in the charge at the time of trial, or, if no charge has been framed, with that used in the Magistrate's proceedings.
